

PRAB E-SERIES CHIP SYSTEM

PROVEN TO INCREASE SCRAP VALUE UP TO 25%

Produce 98% Dry Chips and Reclaim Cutting Fluid for Increased Waste Value

The PRAB E-Series Chip System is a dependable, fully automated system for reclaiming valuable cutting fluid from wet metal chips and turnings. This compact unit was designed for small to medium material volumes and can process Aluminum, Brass, Cast Iron, Steel or Stainless Steel. The system will provide you a fast return on investment and is delivered ready to go.

Standard configuration shown with optional shredder, separator and recirculating drag conveyor.

Standard Features & Benefits

- Recycle flowable wet metal chips and turnings and reclaim cutting fluids
- Completely self contained and forklift portable
- Produces up to 98% dry chips in wringer with 600 G's of force
- Extended service life with exclusive wringer reversing feature
- Screw conveyor meter feeds system
- Discharge screw conveyor elevates processed chips for disposal
- 50 gallon fluid recovery tank
- User friendly PLC controls with touchscreen HMI
- Occupies just a 4' x 10' area

"PRAB has truly helped us get more money for our waste metal and improve our process efficiency and safety."

– Tom Dymont, Project Manager
Ingersoll Tillage Group

PRAB E-SERIES CHIP SYSTEM

COMPACT SYSTEM IDEAL FOR SMALLER SHOPS

PRAB E-Series Chip System Optional Features

- Shredder to reduce turnings into flowable chips
- Separator to remove bar ends and solids from chip flow
- Recirculating drag conveyor that automatically cleans the fluid recovery tank
- Auto lube system for automatic greasing of bearings

Optional auto lube systems are designed to automatically supply a small quantity of clean grease or oil to bearings on a regular basis—improving bearing performance and eliminating maintenance required for manual greasing.

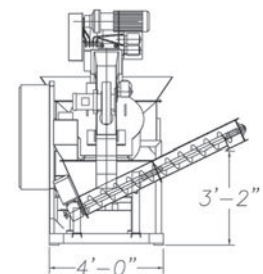

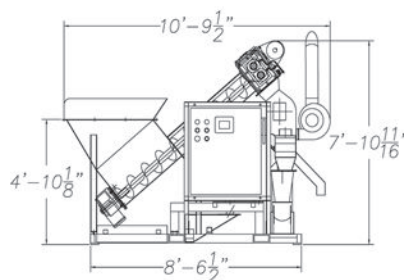

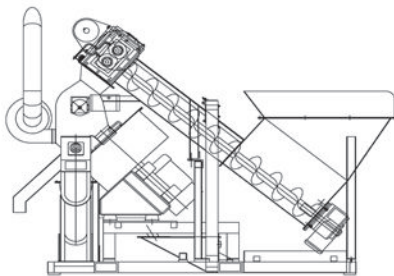

In-feed view shown with optional shredder and separator

Available with front discharge conveyor configuration

Standard Configurations (Shown with all options)

Nominal Chip Throughput

Steel	750 lbs/hr
Brass	600 lbs/hr
Aluminum	250 lbs/hr
Cast Iron	800 lbs/hr

A true performance guarantee ensuring your PRAB equipment achieves the specific results it was designed and manufactured to deliver. And if you need technical support, call us. We are available 24/7.
